

NEW BOARD ORGANIZED

SCHOOL BOARD MET AND CANVASSED THE VOTE OF RECENT ELECTION—BOARD NOW READY FOR ANOTHER YEAR'S WORK.

The school board met at the Board of Trade rooms last evening in called session, to canvass the vote for school trustees Saturday, and to reorganize for another year's work.

Trustees McWhorter and Nance were appointed to canvass the vote, and the result was announced as follows:

C. A. Sterne 307, W. M. Hamilton 307, Leo Davidson 228, S. A. Taylor 139. The first three were declared elected, and Judge Phillips being present, administered the proper oath to them. These gentlemen were all re-elected, having served for some time on the board.

Then the business of reorganization was taken up, and Messrs. Leo Davidson and W. M. Hamilton were placed in nomination for president of the board, Mr. Eason for business reasons having declined to serve longer. Mr. Hamilton was elected. Mr. C. A. Sterne was re-elected secretary. Mr. Sterne in taking his place briefly reviewed his twenty-five years' work with the schools, and said he had never in all that time worked with a more harmonious board.

Other members of the board made talks that were interesting and encouraging.

The salary of the superintendent was fixed at \$1,800.

Prof. Walker King was placed in nomination for superintendent, and there being no other nomination, he was elected.

Prof. King has given eminent satisfaction the five years he has served, and would undoubtedly have been elected over any one, as he is a most valuable man, and the schools have flourished under his superintendency.

Mr. F. C. Eason tendered his resignation as a trustee, giving his reasons. The resignation was accepted with much regret, as Mr. Eason proved a very valuable man on the board.

At Opening Performance in Airdome Last Night—Good Bill.

BIG CROWD PRESENT

The management says:

The Airdome opened last night with a benefit performance for the Woodmen Band, who were greeted with a packed house.

Two excellent reels of motion pictures were projected and Mr. Werre-meyer sang that beautiful illustrated

song, "Billy Dear," in a superb manner, and was loudly applauded. Potter and Schnorr, two Palestine boys, made a big hit in their comedy singing and dancing sketch, but the real hit of the evening was the novel singing and comedy act of Hillman and Roberts. This is the first act played here from the Hodkins Lyric Vaudeville Association of Chicago, and if it is a forerunner of what is to come in the way of vaudeville attractions, Airdome patrons may look forward with much pleasure to seeing something of a high order in vaudeville during the coming summer. Both members of the team have excellent voices, and Miss Roberts' song, while seated in the crescent with electrical effects, was a gem. Mr. Hillman puts lots of snap into his work, and is really a funny comedian.

Tonight the regular popular prices will prevail, same as were in vogue last season, namely 15 cents for reserved seats, and for side seats 10 cents for adults and 5 cents for children. An entire change of bill is programmed for tonight.

DIED AT ALDER BRANCH

Mrs. M. C. Pressley, Late of Dublin, Died at the Home of Her Daughter Monday Afternoon.

News reached the city last night of the death at Alder Branch yesterday afternoon of Mrs. M. C. Pressley, the mother of Mrs. G. W. Walker of that community. Mrs. Pressley's home was in Dublin, Texas, but some time ago she came to Anderson county to spend her remaining days with her daughter. She was in her ninety-fourth year, and had spent a most useful life, and was loved by all who knew her. The funeral was held this afternoon. Friends over the county extend sympathy to the family and relatives.

FROM THE SUNNY SOUTH LAND.

Nature has been lavish in her gifts to the South, and none is more important and practical than her gift of the Cotton Plant. In the soil, warmth and sunshine of the South, the Cotton plant attains its highest perfection. Formerly, only the white, downy lint of the Cotton Boll was preserved, but today, from the kernel of the cotton seed is pressed an oil which compares favorably with the purest olive oil. From this oil of the cotton seed is made a cooking fat called Cottolene. In efficiency, purity and wholesomeness, Cottolene far exceeds the fat of the hog, and it has well been named "Nature's gift from the Sunny South."

Pretty New Home.

Superintendent Walker King of the Airdome has just completed a very pretty home on Link street, across from the homes of Drs. Link. The new house is on modern lines, and will be a very substantial and attractive home when completed.

Notice.

I have sold my stock of furniture and accounts to Wyatt, McInnis & Denby, who will collect all accounts due Wallace Furniture Co.

SPEEDING OF AUTOS

WAS DISCUSSED AT THE REGULAR SESSION OF THE CITY COMMISSIONERS, AND NEW ORDINANCE WILL BE PASSED.

The city board of commissioners met in regular semi-monthly session yesterday afternoon, with the mayor and all present, and after roll call and the reading of the minutes of previous meeting regular business was taken up.

A second letter was read from the postoffice department relative to the sewer connections desired for the proposed postoffice building, soon to be built, and the secretary was instructed as to the proper answer. The commissioners wish to be understood as being willing and anxious to assist in facilitating the work in every way possible. The department wants connections that will give proper drainage to the basement of the building, as well as sanitary sewerage, and for draining the basement they want a pipe to connect with the sanitary sewer. There is a storm sewer along Oak street, about four feet under the surface of the street, and the commissioners suggest the free use of the sewer.

A contract with the sewer company protecting the city in going through the Avenue A culvert with sewer mains, also one from Contractor Fox, who is lowering this culvert two feet were read and approved.

All bills and accounts properly approved were ordered paid.

Commissioner Turner offered a resolution that \$3,000 in the city bond funds be used in the purchase and retirement of certain bonds. Carried.

On motion it was moved that the mayor, commissioners and city attorney visit Fig street, also Rusk and Covert streets, in answer to petitions before the commissioners, one asking that Fig street be opened and the other that the street remain closed. They are to look over the situation, and determine what is best to do.

A discussion was entered into as to the speeds of automobiles, and various opinions were expressed. Commissioner Turner wanted the speeds placed at ten miles for business streets and eighteen miles for residence streets as maximum limits. The mayor suggested that they be held down to eight miles at intersecting streets, which practically means eight miles in the city limits, as there are few stretches of street where intersecting streets are not encountered. The new ordinance that will be adopted, perhaps at the next meeting, will also require the carrying of proper lights, signals, etc., and registered numbers not less than eight inches in diameter.

Adjourned.

CLEANING DEPARTMENT

Of the Tippen & Gilbreath Firm of Palestine and Marshall Burned in Latter City Monday.

A letter to Mr. Oliver Tippen this morning from his business associate, Mr. Gilbreath, in Marshall, brings the information that the firm suffered a fire loss there yesterday, the cleaning branch of their Marshall business having been destroyed. Mr. Tippen says their tailor store did not burn, but the cleaning room and its equipment was a total loss. The fire originated from a match struck in the gasoline room.

INDORSE MR. GREGG.

International Association of Machinists Pass Resolutions.

House of Representatives Washington May 6th, 1910.

Hon. A. W. Gregg,

Member of Congress, House of Representatives, Washington, D. C.

Dear Sir:—I am instructed by Columbia Lodge 174, International Association of Machinists, to forward you the following set of resolutions:

Whereas, the Legislative Committee of this Lodge in their effort to secure legislation insuring to the members of his association in the government employ better working conditions; and

Whereas, in the prosecution of our efforts in this direction we have frequently been brought in contact with the Honorable A. W. Gregg of Texas and have found him to be a consistent, earnest and effective worker for those principles for which organized labor stands; therefore be it

Resolved, That Columbia Lodge 174,

International Association of Machinists, express its appreciation of the help and advice given the legislative committee; and be it

Resolved, further, that a copy of these resolutions be forwarded to the Honorable A. W. Gregg.

Very cordially,
John A. Montague,
Recording Secretary.

LEFT FOR GALVESTON

Delegates to the State Conference of the Episcopal Church Left Here This Morning.

Rev. J. W. Sykes and Mrs. Sykes, Mr. and Mrs. F. M. Hutchinson, Mr. John Normington, Mr. A. R. Howard and Miss Mabel Culver left this morning for Galveston, where they go as delegates to the state conference of the Episcopal churches of Texas. The conference meets tomorrow morning at 9 o'clock, and will be in session for three days.

HAPPY RESULTS OBTAINED

By the Use of the New Scalp Antiseptic.

It wouldn't take long to number the hairs in the heads of some people, the reason being they haven't many to number. In most instances, however, the fault is their own. A germ at the root soon plays havoc with the most luxuriant growth and causes it to fade and fall out. A remedy for this has recently been discovered, called New-bro's Herpicide, that acts by destroying the germ that does the damage, besides removing all impurities from the scalp. In addition it permits new life and vigor to enter the scalp, and happy results are sure to be obtained by its use. Try it. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

One dollar bottles guaranteed. Bratton Drug Co., Special Agents.—Adv.

WEATHER FORECAST.

Published By Authority of the Secretary of Agriculture.

For Palestine and vicinity until 7 p.m.—Wednesday: Tonight and Wednesday increasing cloudiness.

Minimum temperature, 64.
Maximum temperature, 86.

Weather Conditions.

The disturbance that was over the great lakes yesterday morning has moved eastward to the New England states, attended by rain on the eastern border of the lake region and in the North Atlantic states. A storm of considerable intensity extends from the North Pacific states to the eastern slope of the Rocky mountains. Rain has fallen in the Pacific states, the Dakotas and in Montana. Temperature changes have been slight except in Utah and Wyoming, where it is decidedly warmer. Clear weather prevails over Texas this morning, with southerly winds.

T. R. Taylor,
Official in Charge.
